**COMMENTS:**

**NOTE #1:** Lakeland Electric requires twelve (12) weeks upon submittal of ALL pertinent data to return an engineering design to the customer. Please help us to help you by submitting all timely data. Feel free to put "N/A" in a blank, if the respective field is not applicable. All pull-down menus are required. If all fields are not filled in, the application will be returned.

**NOTE #2:** All hard copy plans, e-files, load data, architect drawings, and this project application form must be submitted before the project is assigned. The twelve (12) week design period will begin once all pertinent information is received.

**Plans may be submitted to your Lakeland Electric contact or [Services.eng@lakelandelectric.com](mailto:Services.eng@lakelandelectric.com). Hard copy of plans and disk may come separately. The "completed" application, hard copy of plans, and disk/e-file must be submitted before a project will be assigned. Thank you for making it easier to serve you!**
