APPLICATIONS MUST BE POSTMARKED OR EMAILED WITHIN 90 DAYS OF BATTERY SYSTEM INVOICE DATE OR YOUR REBATE REQUEST WILL BE DEEMED INELIGIBLE. REBATE PROCESSING WILL BEGIN AFTER BATTERY SYSTEM PASSES LAKELAND ELECTRIC INSPECTION. Rebates will be in the form of a check from Lakeland Electric. Allow 4–6 weeks for processing.

I accept the Terms and Conditions of the LE Battery Incentive Program on the reverse side. Initials: ________

Mail completed form to: Lakeland Electric, 501 E Lemon St. Lakeland, Florida. 33801 Attn: Energy and Business Services

Questions?
Please contact Lakeland Electric Customer Service @ 863-834-9535 or by email at solarrates@lakelandelectric.com
General Guidelines

• The LE Battery Incentive Program provides residential solar demand customers with a one-time rebate for the purchase and installation of a battery for use with a customer-owned photovoltaic solar generation system.

• Rebates are limited to one rebate per new battery system purchase per service address.

• Rebates are available only to LE electric customers purchasing a new battery; replacement batteries do not qualify for the rebate.

• Rebates are available for purchases as of October 1, 2020 and while funds last. Rebate applications will be processed and paid within four to six weeks after they are received. Applications must be submitted with all required information and supporting documents in order to be considered.

• Eligible battery systems must meet the minimum requirements of a 6 kWh usable capacity rating and a warranty of at least 10 years or 5,000 cycles, with one cycle being defined as a full discharge. The system must also be programmable to operate in self-consumption mode.

Terms and Conditions

• Residential applicant must be a LE electric customer who lives in the LE service territory, pays for electric service and owns the home where the new battery is installed. Proof of home ownership may be required.

• Qualified battery must be connected to and charged by a renewable generation system.

• Purchase of battery system must include verifiable documentation:
  — Registered address on submitted battery system invoice must match to LE electric service address data on record.
  — Battery equipment model, performance rating, serial number(s) and date of manufacturing are required and will be verified during the LE interconnection inspection.

• Applications must be postmarked or emailed within 90 days of the date shown on the battery system invoice.

• The purchase and installation of a battery system is the sole and exclusive responsibility of the customer. LE does not endorse any specific manufacturer or dealer and makes no representations regarding specific manufacturers or dealers or their workmanship. LE makes no warranty for the use of the battery. By participating in this program, customer agrees that LE has no liability concerning the quality, safety and/or operation of the battery system, or any estimated energy savings or performance.

• Customer is responsible for meeting the rebate requirements and complying with all laws.

• LE is not responsible for items lost or damaged in the mail.

• Funds are limited and subject to availability. Rebate amounts and this rebate program are subject to change, including termination, without prior notice. Refer to www.Lakelandelectric.com for program status.

• Program participants are responsible for any taxes associated with the receipt of a rebate.

• Visit IRS.gov to determine if your battery system is eligible for a tax credit.

• By participating in this rebate program, the customer/applicant agrees to abide by and be bound by these Terms and Conditions.
